Texsport B.V.

Texsport has been active as a private label supplier in babies and children's fashion since 1978. Our collections in knits and wovens are sold to larger retailers in Europe. We are a family-owned business and work in a flat structure; therefore we are able to have an intensive cooperation with our valued customers on long term basis. Our head office is situated in Nieuw-Vennep (The Netherlands), close by Schiphol airport. Here we design, develop, market and deliver our products. For more information, please check our website.

We offer you a commission based salary according to achieved sales.
